April 2021 approved.

**PUBLIC COMMENT**

Judy Gleason of North Union Street requested that the council discuss an issue regarding the Gender Neutral bathrooms. The council agreed to move this topic to the beginning of the meeting. Ms. Gleason reported that another resident noticed that when people use the Gender Neutral bathrooms they often lock the exterior door, and inadvertently reduce the number of available toilets. Discussion ensued. It was decided that because many community members do not understand the significance of a gender-neutral bathroom in promoting safety and wellbeing for the LGBTQ+ community, there is an opportunity for education. The council unanimously voted to recommend a plaque in the bathrooms explaining why we have gender neutral bathrooms, and reminding people that it is their choice to lock, or not lock the exterior door. Council Chair Todd-Marino to contact the Mayor for approval of the plaque and its verbiage.
