

Lambertville Environmental Commission

Meeting March 20, 2013

Attendees: Brad Campbell, Gina Fischetti, Michael Heffler, Julie Hajdusek, Chuck Kaufman, Julia Taylor

Meeting called to order

Lambertville Environment Film Festival

- The Lambertville Environmental Commission discussed details, films and speakers for the 2013 Environmental Film Festival. Brad is getting speakers.

Other events

Julie H. is coordinating and organizing a “What’s in our Water?” day event on April 20. The poster for the event is being circulated through town. Brad will speak with Cindy Ege on posting it on the city website.

Looking at having a second event on May 9 to discuss post-Sandy FEMA guidelines on flooding and flood insurance impact. John Miller from Princeton Hydro and others to be potential speakers.

Tree Ordinance

Brad will circulate new draft.

Waste to Energy

Julie H will follow up on this topic with Chuck
Discussion of two options for waste water treatment, anaerobic digestion and plasma gasification. Julie H and Chuck have meeting in March to get additional information.

AgChoice, an organic food recycler could be interested in collecting our compost waste.

Rec Commission Joint Meeting

This is to discuss having a public process for what to do with the open space provided by the lot behind CVS. Intention is to have Brad work with Rec commission to have a joint meeting next month.

Sustainable Jersey

Prior to the meeting Michael, Julia and Gina met on the Buy Local program. To be discussed at next meeting. Michael is getting a quote from River Signs on a Buy Local poster. Brad asked about 11 x 17 versus 8.5 x 11 size of poster. Brad said he’d check the budget for \$125 to design and print the posters.

Meeting concluded
